INTERNSHIP EXPERIENCE

EPS ENVIRONMENTAL SERVICES, INC.

CHICAGO, IL

Environmental Specialist Intern

June 2014 through August 2015

- Updated mapping software with information on thousands of sites to reduce the unnecessary purchase of materials already at the disposal of the company.
- Maintained both the work vehicle and drilling equipment, eliminating cross contamination between sites and increasing efficiency between work days.
- Additionally I preformed all the roles mentioned in the next section (although in a reduced capacity) before I was offered full-time employment.

PROFESSIONAL EXPERIENCE

EPS ENVIRONMENTAL SERVICES, INC.

CHICAGO, IL

Field Technician and Junior Environmental Specialist

August 2014 through January 2015

- Conducted Subsurface Investigations (soil borings) utilizing a GeoProbe® soil probing percussion hammer including on site classification and field sampling for laboratory analysis.
- Reviewed and co-authored ESA Phase I&II Assessments for dozens of sites.
- Handled and prepared several legal documents such as laboratory chains-of-custody and Freedom of Information Act (FOIA) requests from various government agencies.

GIS GROUP AT UIUC

CHAMPAIGN, IL

Spatial Analyst

September 2013 through May 2014

- Led a total of five geo-spatial analyses of varying subjects for multiple applications utilizing ESRI ArcGIS software.
- Participated on multiple non-for-profit consultation projects for clients ranging from on campus professors to Chicago nuns, and even local businesses such as the Bike Consortium (UIUC Branch).
- Altered and created shapefiles concerning wetland reclamation suitability, US Census poverty tracts, and on-campus bike paths/racks.

TRYAD AUTOMOTIVE

OAK PARK, IL

Counter and Phone Operator

Summers of 2011 through 2013

- Managed over an average of 75 phone orders a day, including peak times when up to a half dozen calls would come in simultaneously.
- Cross-referenced several inventory databases to get the best available price quotes and delivery arrival times for customers.
- Routed delivery drivers and modified routes as necessary to minimize travel time and maximize efficiency.

ACCURATE BRAKE AND CLUTCH

OAK PARK, IL

Automotive Part Delivery Driver

Summers of 2008 through 2010

- Drove dozens of miles a day between warehouses and various client garages while always maintaining communication with the shop.
- Interacted with customers on a regular basis with a cordial attitude despite the often stressful and hurried setting of automotive garages.
- Coordinated stock changes during inventory transitions by recording and relocating hundreds of inventory items.

EDUCATION

THE UNIVERSITY OF ILLINOIS AT URBANA - CHAMPAIGN

Graduated: May 2014

- College of Liberal Arts: Baccalaureate in Environment and Earth Systems
- Concentration in Sciences of Earth Systems
- Minors in English and Geography

GPA: 3.13/4.00
